

FIRE COMMISSION MINUTES EMERGENCY ELECTRONIC MEETING
Thursday October 1, 2015 LETA VAUGHN

-Discussion and possible action on: Paying Moab Regional Hospital a check for \$2809.60 for payment of (2) CT scans ordered by the U of U Neurologist for Jeff Fink (injured firefighter hurt on duty). With the understanding that we will be reimbursed once the Workman's Comp. Insurance claims are processed.

If the decision of commissioners is yes then the Treasurer (Bob Russell) will write a check to Moab Regional Hospital for \$2809.60.

I vote yes because:

1. Firefighter health and safety is CV Fire's first priority.
2. With our assistance in the process, Jeff has received the best available medical help to this point.
3. That process is now stalled by the hurdles in the Workman's Compensation payment system as it effects us.
4. We can continue to provide our fellow firefighter with

the best available medical help by expending this amount from our limited funds.

Bob R. ;

Thanks Leta for the good agenda, and Bob for the agenda item and proposal for action.

In convening this emergency meeting for the purpose of dealing with an unforeseen medical issue pertaining to one of our fire fighters who was injured on the job and in the scope of his duties; and due to new questions that have arisen regarding the County's apparent unwillingness to process a Workers Comp claim leading to an inability for said fire fighter to receive needed post-stroke testing and treatment, I hereby add my yea vote to the emergency action proposed in the attached agenda, and hereby submit that the matter will be fully discussed, reviewed and updated as an agenda item at the next public meeting of the CV Fire Commission, being scheduled for next Thursday, October 8. This email correspondence is also hereby made a part of the official minutes of the Commission.

Bob Lippman
Chair, CV Fire Commission
